

Conveniently manage your student's financial needs at school with one of our Auto Reload options. This time-saving feature enables you to automatically add value to your student's CashLynx account, on a schedule you create.

Before you can set up an Auto Reload schedule, your student must create a Guest User account for you. If you do not have one, please contact your student. Complete instructions for creating a Guest User account can be found on the "How to Add Value" page in the "CashLynx" drop down menu at www.lesleycard.com.

Once you have account access, to set up an Auto Reload follow the step-by-step instructions below. You will first create a payment method and then establish the parameters of your Auto Reload schedule.
